A. CLIP-IN TOOL BOX

Just Clip-In and Go! Convenient tool and equipment storage, also great for shopping. Lockable, easy installation, clips into the rear latch within seconds. 18" x 18"x 48" box made from diamond plate aluminum opens easily from either the left or right side. Lid is on a hinged bracket and supported with gas struts.

*To install on a GEM e4 with Hard Doors, an Extender Adapter Bracket part # 0351-03034 is required.
*GEM cars that have not had a Clip-In Stake-Back part # 0109-02223 installed previously may require the Pack Latch Support Bracket part # 0109-01676 when installed out in the field due to the weight of the box. Call 1.866.764.0616 to inquire if needed for your GEM car.

Give Your GEM Car the Latest and Greatest Model Year Electric Functionalities

A. ELECTRONICS UPGRADE PACKAGE

This special package offers you the opportunity to have the components installed that will give you new life to your earlier model year GEM cars and the functionality of our current GEM car model vehicles. This advanced hardware and software will better manage the capabilities of your GEM cars batteries and will allow you to leave your vehicle plugged in for up to 24 weeks as your battery charger monitors your battery pack voltage and turns on when needed. * When ordering please specify VIN # , mileage and tire size of GEM car. Package includes: Delta Q Battery Charger, 6 Gel Batteries, Wire Harnesses, Battery Cables and Motor Controller (when applicable).

Part Number	Fit Model(s)	Fits Model Year(s)
1206-00081	e2 e4 eS eL	1999-2004

*Because of the high power draw at low states of battery charge, the AC outlet should be on a dedicated breaker only for recharging your GEM car. The charging system is designed to maximize the battery pack life while recharging the pack in the shortest time with the available household current (ground fault protected 110-volt, 15-amp AC outlet). Installation of the Electronics Upgrade Package should be done by a certified Global Electric Motorcars factory trained technician only.

ORDERING

Contact your local GEM car dealership or order online at www.nevservice.biz. To find your closest dealership visit www.gemcar.com or call toll free 1.866.764.0616 for assistance.

BACK ORDERS

High demand for some items may result in your order being placed on back order. Items on back-order will automatically ship as soon as the materials are received back in stock. Back orders will be invoiced when your item is shipped.

PRICING

Our manufacturer's suggested retail prices exclude freight, handling, installation and sales tax. Prices, package quantities, specification and materials may change without notice. Call your local GEM car dealership, visit www.nevservice.biz or call toll free 1.877.447.0102 for current pricing.

SHIPPING

All components will be shipped via FedEx after processing. All shipments will be sent via FedEx Ground service unless expedited shipment has been requested. Expedited 2-Day or Overnight FedEx service is available at the rates listed below. Any shortages or errors must be reported to us as soon as they are discovered. All orders will be considered complete and final if any issues are not resolved within 30 days. After 30 days a 25% restocking fee will be applied. Damages due to shipping must be reported at the time of delivery to the delivery carrier. Expedited shipping services are available, freight plus $20 handling fee will be applied. Larger items have a flat rate freight charge. Call 1.877.447.0102 for pricing.
